

Special IFB rate for *Investment Executive* magazines

The *Investment Executive Magazines* are designed to be kept as a reference tool, and used by Advisors to prospect and to build long-term client relationships.

INVESTMENT EXECUTIVE'S Money Planner

Released annually in September

MP EDITORIAL FOCUS FOR 2008/09 "Protect your assets" is sound financial planning advice at any time but is perhaps more meaningful in today's uncertain world. Within this context, MP will address such topics as investment and insurance planning, banking, housing, health, personal information, vacation and estate planning.

CANADIAN Investment Guide 2009

Released annually in December

CANADIAN INVESTMENT GUIDE 2009 is designed to help consumers understand the need to stick to the long-term strategy set out for them by their financial advisor. In addition to the different financial products (mutual funds, hedge funds, income trusts, etc), and what they bring to a portfolio, the theme will be "Getting ready for the recovery".

Other feature stories will include:

- A historical look at the markets to put this downturn into perspective
- Understanding your own risk tolerance
- Diversification -- which sectors could lead the recovery and how to position your portfolio to take advantage of the recovery
